

WATER SERVICE

SURVEY / INVENTORY

The Town of Ramona and Kingbrook Rural Water System are partnering to perform a survey/inventory of each water service in town.

During the survey, a representative from Kingbrook will need access to your home to inspect the water meter and service entrance. The representative will collect a photo of the first 18 inches of the water pipe entering the residence or business.

Kingbrook will also need to locate the service line valve (which is probably located in your yard).

Schedule your appointment with Kingbrook Rural Water:

 **Caleb Clark at 605-203-3491 or**
 **cclark@kingbrookruralwater.com**

 **Nick Kramer at 605-203-0084 or**
 **nkramer@kingbrookruralwater.com**

** Please contact us by April 17 **
